# Smart, Safe & Sustainable Summit 2025

@Ease 605

Following the success of our annual Smart, Safe & Sustainable Summit for five consecutive years, we're bringing the experience to the U.S. for the first time ever.

Join us for an exclusive day of thought-provoking panels, fireside chats and dynamic roundtables - all focused on the U.S. market.

The NYC edition of our Summit brings together corporate travel managers, global mobility experts and industry innovators to engage in dynamic discussions, share their expertise and explore how AltoVita's technology transforms the future of corporate accommodation.
